***Re: Section 272(f)(1) Sunset of the BOC Separate Affiliate and
Related Requirements, WC Docket No. 02-112***

Dear Ms. Dortch

This letter supplements Verizon's March 27, 2007 Response¹ to specification 1 of the Commission's March 13 information request, following requests for clarification from Wireline Competition Bureau Staff.

On April 13, Verizon submitted for certain data provided with Verizon's March 27 Response, volumes for Pennsylvania and Virginia disaggregated by areas served by the former Bell Atlantic and the former GTE.² The attached Exhibit 1.E.1 contains estimated residential DSL volumes for Pennsylvania and Virginia, disaggregated by areas served by the former Bell

Atlantic and the former GTE, however, these disaggregated estimates are available only for December for 2003 through 2006, rather than by quarter for each year.

To calculate these estimates, Verizon relied on the proportion of DSL customers that were served in the former Bell Atlantic and former GTE service areas for each corresponding time period, based on data that are reported in a database separate from the one on which Verizon relied for purposes of Exhibit 1.E. Verizon applied these proportions to DSL volumes that were reported in Exhibit 1.E. Exhibit 1.E.1 also includes the proportion of customers for which Verizon does not also provide wireline local exchange service; while the percentage is an estimate, the denominator used in the calculation – the underlying number of lines for each service area – was obtained from Verizon's databases.

Exhibit 1.E.1 contains Highly Confidential Information and has been marked "HIGHLY CONFIDENTIAL INFORMATION - SUBJECT TO SECOND PROTECTIVE ORDER IN WC DOCKET NO. 02-112 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION" in accordance with the Second Protective Order in this proceeding.³

If you have any questions, please call me at 202-515-2467.

Very truly yours,
